

Burn!

For Lovers of Peppers, Smoke, & Sauce

Here at Sunbelt Shows, the SuperSite's parent company, we are really looking forward to the coming year because of the new media projects we're launching—a digital magazine and a book publishing division. We owe it all to technological advancements that now make it easier than ever to publish digital products, so we're proud to announce *Burn!* digital magazine, and digital books through Sunbelt Media, our book division. But Sunbelt Media will also have printed books, because we are not abandoning a very popular medium that's been around for 600 years or so.

In the next year, look for chilehead and BBQ books from me and from other writers on our team,

including a facsimile release of the original *Callaloo, Calypso & Carnival: The Cuisines of Trinidad & Tobago*, first published in 1993; *The Hot Sauce Bible: New Testament*; and *The Vegetarian Chilehead*, a large collection of spicy meatless recipes. Hopefully, we will be able to complete *Barbecue Apocalypse: Spiced-Up Q with an Attitude*, but that might have to wait until 2012.

Burn!

digital magazine, a subscription-based monthly, will absolutely blow your mind! Read all about it
